

SEVEN STEPS to a NEW ENGINE DONOR ENGINE PLAN

STEP 1

Engine Overhaul Inquiry

- Contact us by phone, email or contact form
- Explain to us your request and requirements
- Please provide your Vehicle year, make, model, VIN, and specs
- We will log your information into our system

STEP 2

Overhaul Inquiry Response

- We will respond to your inquiry with our suggestions
- Give you options on how we can assist you
- Provide a pathway to complete your project

STEP 3

Quotation & Deposit

- Your initial price quotation will be based on the engine requiring replacement
- Estimated time for completion will be included
- Quotation acceptance and agreement
- A deposit will be required to proceed

STEP 4

DONOR Engine

- If the engine is not in stock, a donor engine will be acquired
- Donor engine nationwide search
- Donor engine purchase and transport to our shop
- Donor engine disassembly and thorough inspection

STEP 5

REPAIR & OVERHAUL

- Engine and parts cleaning
- Replacement parts ordering
- Resurfacing and repairs
- Engine rebuild

STEP 6

OVERHAUL COMPLETION

- We will do our utmost to complete the overhaul within the estimated time. There are times when parts will need to be backordered.
- You will be notified by email of the completion of your overhauled engine.
- A final invoice will be prepared and sent by email. Payment is required within the requested payment period.

STEP 7

SHIPMENT & DELIVERY

- Upon receipt of the final payment, we will prepare your engine for shipment
- Engine and parts will be carefully packaged and boxed
- We will ship using your chosen shipping type
- Tracking information will be sent via email prior to or on the shipment date
